

Dear Customers

TB Global Technologies, Ltd.

Notice of New Brand Names

Thank you very much for your continued patronage of our products.

As part of our corporate brand strategy, we have decided to unify the brand names of "CHIKSAN", "WECO" and "NIIGATA" products to "TB-NIIGATA".

For more than half a century, we have been developing, manufacturing, selling, and providing maintenance services for loading arms and other energy-related machinery.

By unifying our brand names, we aim to establish our brand image, improve our services, and become an even more trusted partner to all our valuable customers.

We look forward to your continued support in the future.

Sincerely yours
